

Gifts to the Every Moment Matters Campaign

To Celebrate the opening of 325 London Street we hosted 15 days of Celebrations - Ribbon Cutting Ceremony, VIP EMM Celebration, 76 Public and Private Tours, and 2 Public Open Houses, supported by 35 Volunteers and all staff. During this time we connected with over 3,000 community guests. April 8th 2019 was also a historic day for Hospice Peterborough. This was the day we welcomed our first end-of-life resident and began providing 24/7 care. We have each had a small part in creating this legacy. Together we share this once in a lifetime accomplishment, knowing that we have made our community a better place for future generations. Thank you for your dedication and for believing we could do this. It has been a pleasure to walk beside so many inspiring people, like you.

Ground Breaking
November 2016

325 London Street is deeply rooted in our community with the design, construction, materials, tradespeople and equipment being **89.5 % local.**

2018-2019

HOSPICE PETERBOROUGH
CARE CENTRE

A Message from **Betty Morris,** Every Moment Matters, Chair

For 15 years I have taken on many volunteer roles at Hospice Peterborough - Board of Directors, along with many committees such as Finance, Gala, Hike for Hospice, Fundraising and Governance. Seven years ago, while in my second term on the Board, I assumed the task of Chair of the Capital Campaign to build the much needed 10 bed care centre. The Every Moment Matters Campaign moved us into uncharted water - acquiring the property at 325 London Street, recruiting a campaign cabinet, hiring an architect, general contractor and project manager, all the while governing the day to day operations of Hospice Peterborough. There were many hurdles along the way – unexpected soil contamination, endangered brown bats, the crumbling Langton House foundation, demolition, and ultimately a revised plan. Throughout it all our donors and investors continued to support our vision and realized the importance of completing this project. Thank you to everyone who invested in this wonderful legacy of hospice care. It has truly been a pleasure to Chair the Every Moment Matters campaign.

Missing Steve Henderson

Thank you to our Donors, Volunteers, Staff and Community for building YOUR Community Hospice.

A Message from
Linda Sunderland,
Executive Director

I have had the distinct privilege of working alongside many incredible people throughout the Every Moment Matters campaign.

If I was to sum up in one word what made this experience so successful, it would be 'friends'. Hundreds of Hospice friends joined together to accomplish this once in a lifetime project. Led by Betty Morris, our dynamic cabinet friends were instrumental in laying the ground work to ultimately raise \$10.5M. You may recall that we faced a few challenges along the way. Thankfully, with countless willing hands and committed donors who believed in our mission and shared vision, we reached our fundraising goal.

Many times we had to let go of our plans and have faith in what we believed was possible. Eleanor Low and Richard Johnston brought together a team of volunteers and staff who consistently managed unforeseen circumstances by recalibrating our plans, and, in collaboration with Lett Architects and Mortlock Construction, pulled everything together. In spite of all the challenges, and with the support of our friends, we brought 325 London Street to completion.

This has been an extraordinary time to be a member of the Hospice team. I am grateful that the Hospice Peterborough Care Centre Project introduced me, and this organization, to so many new friends. Each time I walk through the doors, I am grateful to all of our friends for making our dream a reality. Thank you all.

Board of Directors
2010-19

Thank you to the members of the Hospice Peterborough Board of Directors who served during the 9 year journey from dream to reality.
