</tr>
</thead>
</table>
| Chrome    | 1. On your computer, open Chrome.  
2. At the top right, click More. Settings.  
4. Click Cookies.  
5. From here, you can: Turn on cookies: Next to "Blocked," turn on the switch. Turn off cookies: Turn off Allow sites to save and read cookie data.  
More information: https://support.google.com/accounts/answer/61416?co=GENIE.Platform%3DDesktop&hl=en&oco=0 |
| Internet Explorer | 1. Click on Tools (gear shaped icon) at top right corner of the browser.  
2. Click on Internet Options. A window will open.  
3. Click on "Privacy" tab.  
4. Click on "Advanced" button. "Advanced Privacy Settings" window will open with options of Allow, Block or Prompt First-party and Third-party Cookies.  
5. Select options of your choice.  
| Firefox   | 1. Select the menu button (three lines in the top right)  
2. Select Options  
3. Select Privacy & Security  
4. Check Enhance Tracking Protection. If Enhanced is selected, cookies are enabled, except trackers. If Strict is select, change to Enhanced.  
| Safari    | 1. Go to settings  
2. Scroll down to Safari and select  
3. Scroll down to Privacy & Security  
4. Adjust setting for cookies
